FREE SET-UP SESSION

How it works.

1. Send us your information.
2. We load your yard.
3. We check it against what you sent.
4. In a 60-minute session, we show you around and connect Stripe.
5. You get a Get Started guide built around your yard and horses.

Never send passwords or bank details.

Have your ABN and bank details ready on the day, as you'll connect Stripe yourself in the session.
